

La multiplication

$$4 \times 3 = 12$$

$$3 + 3 + 3 + 3 = 12$$

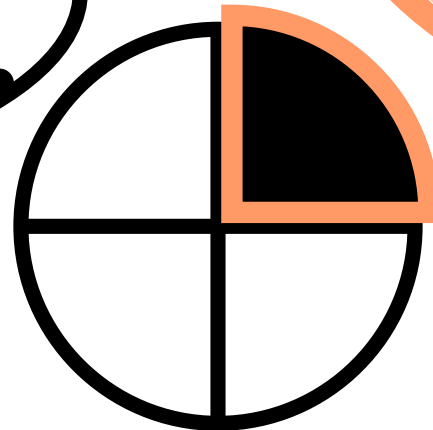

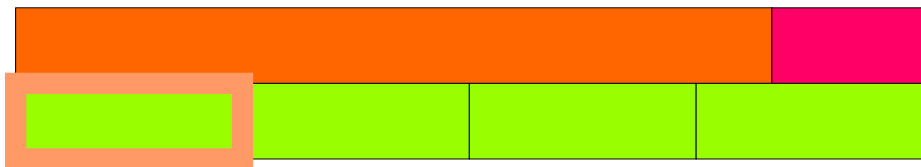

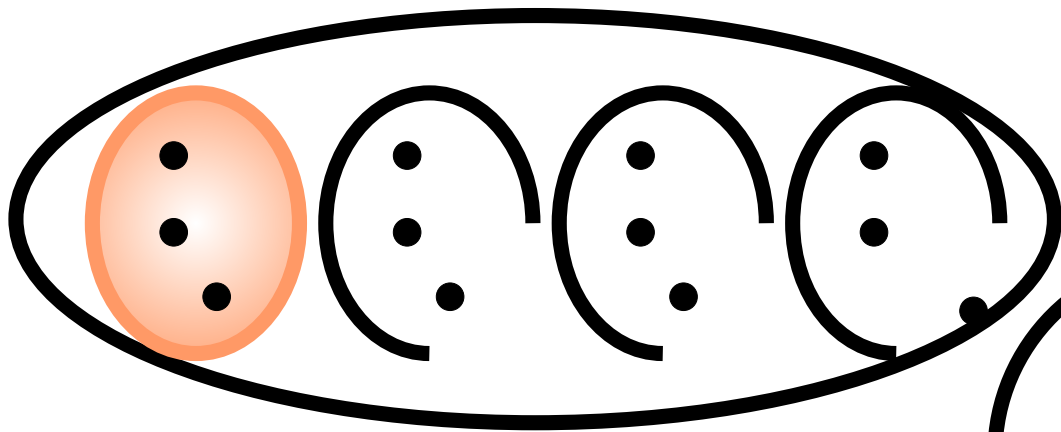

Multiplier,
c'est prendre
plusieurs fois
la même
chose.

La division

$$12 : 4 = 3$$

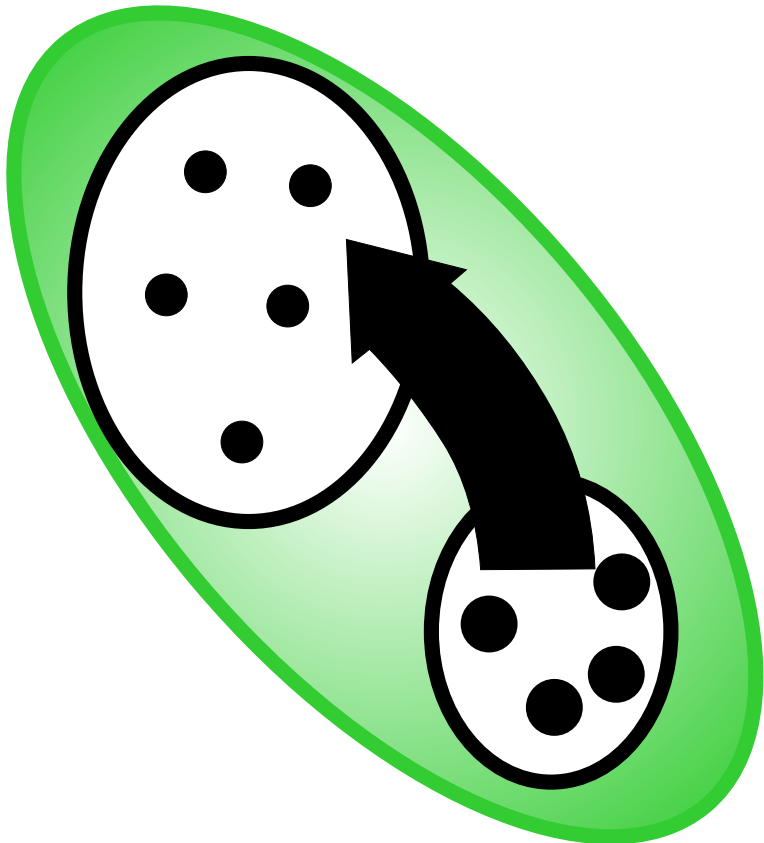

$$\frac{1}{4} \text{ de } 12 = 3$$

**Diviser,
c'est
partager.**

L'addition

$$5 + 4 = 9$$

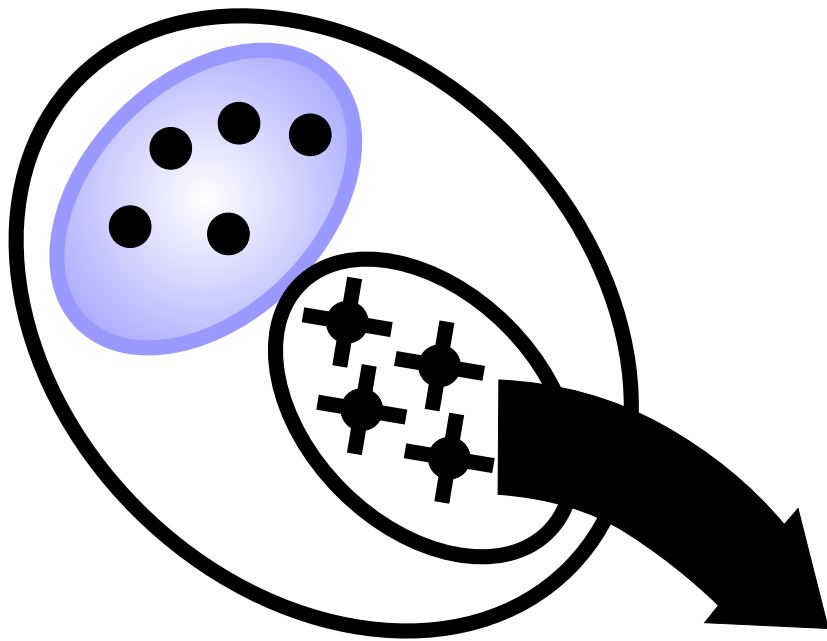

**Additionner,
c'est ajouter
quelque
chose.**

La soustraction

$$9 - 4 = 5$$

**Soustraire,
c'est enlever
quelque chose.**
